MODEL 3005-LD

TU-WAY CHEESE PORTIONER

The Model **3005-LD TU-WAY** is designed to automatically cut cheese or wire cuttable product prior to packaging or further processing. The TU-WAY is also perfect to size cheese for immediate processing in shredders, dicers, mixers, grinders, melters, etc. The TU-WAY's vertical and horizontal cutting action, with angled gravity or straight discharge, assures a highly effective, low cost operation. The 3005-LD has a discharge height of 35" with an angled chute, and 40" with a straight chute. The in-feed height is 35" with casters.

ADVANCED FEATURES INCLUDE:

- Stainless Steel Air Cylinders
- Enhanced Sanitary Aspects
- Formed Frame that Eliminates Tubing
